Fertilizer Production/Import

1359. SHRIMATI CHANDRIKA ABHINANDAN JAIN: Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) the quantity of fertilizers produced in the country during 1993-94, type-wise and plant-wise;

(b) the quantity of each type of fertilizers imported during 1993-94 and as on date;

(c) whether some fertilizer plants in the country are lying closed;

(d) whether due to decontrol of phosphatic fertilizer there is any reduction in the consumption of phosphatic fertilizers; and

(e) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI EDUARO FALEIRO): (a) The details of fertilizers in terms of nutrients produce by the major fertilizer companies in the country during 1993-94 are given in the enclosed statement. (*See* below).

(b) The following quantity of fertilizers was imported during 1993-94 and 1994-95 (April-June):

(Qty. in Lakh Tonnes)

Fertilizers	1993-94 (Full Year)	1994-95 (April-June)
Urea	28.40	1.97
MOP	14.28*	3.85**
DAP	15.69	1.32

NOTE: DAP & MOP are decanalised and are decontrolled fertilizers and can be imported freely. Hence, import figures are as per the information available with the Government

*Includes 7.18 lakh tonnes of MOP imported on Government account under bilateral assistance.

**Includes 81.00 tonnes of MOP imported on Government account under bilateral assistance.

(c) The Gorakhpur plant of Fertilizer Corporation of India Ltd. (FCI) is lying closed since 1990 on account of an accident. The complex fertilizer unit of M/s Deepak Fertilizers and Petrochemicals Corporation Limited Taloja is currently not producing due to high cost of production. In addition, 18 small and medium scale units producing Single Superphosphate (SSP) are reported to be lying closed due to liquidity problems and reduction in off-take. In addition, commissioning of the Haldia Project of Hindustan Fertilizer Corporation Ltd. was suspended in 1986 due to frequent equipment breakdowns during the period of commissioning.

(d) and (e) After decontrol of phosphatic fertilizer in August 1992, there has been an increase in the open market prices as these fertilizers were heavily subsidised earlier, resulting in shortfall in off-take.
